

OMRON Awarded Gold Rating from EcoVadis for Sustainability

Hoofddorp, Netherlands, Friday, 29th November 2019 – OMRON has been awarded the EcoVadis Gold rating (the highest distinction) for the first time, which puts the company within the top 5% of all the businesses assessed for sustainability performance.

Based in France, EcoVadis is an independent and trusted provider of a shared sustainability platform, which assesses more than 50,000 businesses using its unique CSR rating methodology that covers 190 purchasing categories and 150 countries. The assessment considers a comprehensive range of CSR issues, which are grouped into four themes: Environment, Labor Practices & Human Rights, Ethics, and Sustainable Procurement. OMRON's initiatives in Environment, Labor Practices & Human Rights, and Sustainable Procurement were rated highly. In Environment, in particular, OMRON is included within the top 1% of businesses in the same trade.

OMRON will continue aiming for the realization of a sustainable society and improvement of sustainable corporate value.

About Omron

Omron Electronic Components Europe is a leader in electromechanical PCB relays, as well as a leading supplier of components such as micro switches, MOSFET relays, DIP switches, photomicrosensors and connectors.
