

## **INFORMATION SHEET FOR CONNECTED PRODUCTS**

In accordance with the requirements of Art. 3 (2) of Regulation (EU) 2023/2854 (Data Act), the following product information related to product [D8M] is provided.

### **1. Type, format, and estimated volume of data**

- **Type of data** : The data generated by the product includes pressure values.
- **Data format** : The data generated by the product is a pulse output(10Pa per pulse).
- **Estimated volume** : There is no output of digital data.

### **2. Data generation**

The product will output a pulse only once after power is turned on.

### **3. Storage and retention**

- **Data storage location** : Data is not stored internally in the product.
- **Retention duration** : Since data is not stored internally in the product, there is no retention period.

### **4. Access, retrieve or erase data**

Since data is not stored in the product itself, there are no methods for accessing, retrieving, or deleting the data.

### **5. Updates on data usage or changes to the product**

- **Change Notification** : No modifications to the specifications will be made after the product has been sold.
